MOB MADE MAD

Hang a Negro Rapist in Tennessee.

Horrible Cruelty by the Lynchers.

The Ears and Fingers of Their Victim Cut Off.

Body Mutilated in an Unmerciful Manner,

And Then He Was Strung to the Cross Arm of a Telegraph Pole and After Death His Head Was Cut Off.

MEMPHIS, Tenn., Oct. 17.—Jefferson Ellis, the Fayette county rapist, was strung to a telegraph pole at 1:40 this morning by 350 men within two hundred yards of the scene of his crime. Before hanging the negro, the mob cut off both his ears and all of his fingers and mutilated him in a horrible and unmerciful manner.

The mob with their prisoner reached the home of his victim, Miss Pratter, soon after midnight. The young woman identified him as her assailant. As soon as this was done an armed squad of men took Ellis from Constable Farrow and started with him for the pike, where the public road crosses the Louisville and Nashville railroad.

Here there is also a telegraph pole. A big fire had been built at the place and around it the mob gathered in a circle. The handcuffed negro was on his knees before the fire. The leaders of the mob told Ellis to pray but he only looked at them in a stupid manner. Being told that he was about to die he raised his voice in a negro hymn. By the time he finished the mob was looking ugly. The fiercer element were in complete control. Cries of "burn him" were heard on all sides. This fearful fate would probably have been fortunate for the negro as subsequent events proved. Amid the shouts of the mob a man jumped to the negro's side with a drawn knife in his hand.

"Cut off his ears," they cried; "give me a finger," shouted one man; "I want a thumb," cried another.

The better element in the crowd drew off at this time and said they were not in favor of doing anything but hanging the negro. The protests were not noticed.

Being urged on by the fiercest in the crowd, the man with the knife cut off the negro's right ear and held up the bleeding trophy in full view of the crowd. The negro screamed from his torture, but his other ear was cut off a few moments later. The mob became madder at the sight of this work and those who were mutilating the negro found ample encouragement. They next cut off all his fingers and, tearing away part of his clothes, they mutilated him in a horrible manner.

The negro was covered with blood and his head looked like it had been scalped. The mob was not even then willing to end the negro's agony. They made him stand up so all the crowd could see him. Finally, fully thirty-five minutes after the torture of the negro began, the rope was put around his neck. The rope was a very long one. The free end was taken by a man who quickly climbed the telegraph pole and threw it over the cross arm. The crowd jerked the negro to the foot of the pole, and while the mob shouted the bleeding and mutilated form of the negro was swung to the cross-arm. The negro was lowed to the ground and his head was cut from his body with pocket knives. The noose was then put over the feet and the headless body was again swung up."

It is intended to send the head to the family of the little girl the negro attempted to assault last Saturday in Mississippi. A placard was put on the negro's body bearing these words: "Death to the man who cuts him down before 6:30 this evening." No doubt the injunction of the mob will be obeyed to the letter and the passengers on the Louisville and Nashville trains today may see the horrible sight.

The point at which the lynching occurred is a crossroad called Clifton Summit. The mob dispersed after doing its work.

Jeff Ellis, on the afternoon of October 5th, criminally assaulted Miss Battle Pratter in the presence of the latter's two little sisters. He escaped from a mob which had gathered to lynch him that night, but he was pursued unremittingly until he was captured Monday near Mount Pleasant, Miss. He confessed to the assault upon Miss Pratter, to the outrage and murder of a Mrs. Wilcox, of the same neighborhood, two years ago, and to an attempted assault upon a little girl in Mississippi while he was trying to escape from the mob.

They Like Bloomers.

SAN FRANCISCO, Oct. 16.—This city has had bloomer balls, bloomer marriages and now a bloomer restaurant has been opened in the very business center of the city. The restaurant is called the "Bloomer Cafe" and has been a success from the start. Four shapely girls attired in neat fitting bloomers attend to the wants of the customers and have proved such an attraction that more girls will have to be employed to take care of the increasing trade.

SEA MARSHES SINKING.

The Low Lands About the Gulf of Mexico Disappear.

The Gradual Movement Will in Time Reach and Destroy the Shores of Louisiana.

NEW ORLEANS, La., Oct. 16.—Major Quinn, United States engineer in charge of the light houses of this district, has just returned from Fort Eads and the jettys. He insists, after a most careful examination, that the lower delta and the sea marshes along the gulf of Mexico are slowly sinking. For more than a year experiments with tide gauges have been in progress at the mouth of the Mississippi river, and as a result, Major Quinn has reached the conclusion that the level of the gulf has been raised one foot since 1887. This, the major attributed to a gradual, though irregular subsidence of the land along the coast, and he believes, throughout the Mississippi delta, New Orleans and the southern portion of Louisiana.

BROKE TWO RECORDS.

Walter Foster Does Some Fast Riding on a Wheel.

NAPA, Cala., Oct. 16.—Walter Foster yesterday broke two world's records—the one-third mile paced and the one-third mile unpaced. The paced record was brought down to 30 seconds flat, and he rode a third unpaced in 32 2-5 seconds, reducing the record by 5 seconds.

DENVER, Colo., Oct. 16.—At an authorized and official trial, W. W. Hamilton, rode two-thirds of a mile unpaced in 1:18 4-5, taking 4 1-5 seconds off the world's record held by Gardiner.

Irishmen to the Rescue.

SAN FRANCISCO, Oct. 16.—A company of Irishmen is being organized here to aid Cuba in achieving independence. So far twenty-seven men have enlisted.

Gov. Knight Dead.

EAST HAMPTON, Mass., Oct. 16.—Ex-Lieutenant Governor Horatio G. Knight died shortly after midnight. He had been confined to his home since June.

Mrs. Clara Walker, one of the prominent women of Indianapolis, and wife of Charles Walker, editor of the Indianapolis Journal, and Miss Laura Ream, the well known correspondent to Metropolitan papers, write that they will be in they city next week to attend the State Conference of Charities, which will be held here.

Christian Fell, of Pleasant township, made THE SENTINEL office a pleasant call. Mr. Fell is eighty-four years of age and came to Fort Wayne in 1836. He said when he came through Buffalo and Cleveland on his way west they were both very small towns. Fort Wayne at that time had only a very few inhabitants. Mr. Fell has been a subscriber of THE SENTINEL for over fifty years.

REFORM IN ARMENIA.

Said Pasha Accepts the Terms of the Powers.

The Governor is to Be a Christian and All Official Appointments Must be Confirmed by Him.

CONSTANTINOPLE, Oct. 16.—Said Pasha has accepted the scheme for reform in Armenia drawn up by Great Britain, France and Russia and it now awaits the signature of the sultan. The scheme is almost identical with the proposals of last May which, in substance, were that the governors and vice governors of Van, Erzeroum, Sivas, Bitlis, Kharput and Trebizond be Christian or Mussulman, according to the inclination of the population; but either the governor or the vice governor is to be a Christain, and the appointments are to be confirmed by the powers. Local and not state officials are to collect the taxes and enough money is to be raised before it is forwarded to Constantinople to pay the expenses of local administrations. Complete changes will be made in the judicial system, torture will be abolished, the prisons will be under surveillance, the police will be composed of Christians and Turks equally, and the laws against compulsory conversions to islamism will be strictly enforced. The ambassadors of the powers expect that the whole question will be finally settled during the course of the week by the promulgation of an imperial decree. Contrary to general expectation, the high commissioner, who would be charged with the execution of this scheme of reform will be a Christian. This was the hardest pill for the porte to swallow and for a long time it threatened to bring about the most painful serious complications.

MAY FIGHT IN EL PASO.

The City Agrees to Pay the Mexican Concession,

And There is No Apparent Obstacle in the Way—Can't Fight in New Mexico.

EL PASO, Texas, Oct. 16.—A telegram has been received from Dan Stuart stating that the Corbett-Fitzsimmons fight would be pulled off in El Paso if this city would pay the Mexican concession. At a meeting of the business men of El Paso $15,000 was subscribed to pay for the concession.

SANTA FE, N. M., Oct. 16.—Governor Thorton, when approached by emissaries of the Florida Athletic club declared that under no circumstances would he permit Corbett and Fitzsimmons to fight in this territory. He added that he had confidence in every sheriff in New Mexico doing his full duty in the premises but if need be, he would call on the national government to aid him in suppressing anything of this sort.

FORCED TO BACK DOWN.

Japan Withdraws Her Army From Liao Tung.

The Little Mikado is Game, But Russia, Germany and France Were Combined Against It.

SAN FRANCISCO, Oct. 16.—Advices by mail from Tokio, Japan, dated September 27, to the Associated Press, state that Japan has been forced to comply with Russia's demand for a speedy withdrawal of the Japanese troops from Liao Tung. France and Germany joined in the demand and the Japanese government was not in a position to defy three European powers. The announcement of Russia's purpose took Japan by surprise. This proceeding has caused renewed bitterness in Japan against Europeans. The Japanese also charge their own ministry with conniving at the nation's dishonor.

DOWN AN EMBANKMENT.

Fearful Plunge of a Locomotive and Eleven Cars.

Fireman Baxter Instantly Killed, Engineer Brockway Fatally and Brakeman Hogwire Seriously Injured.

BRADFORD, Pa., Oct. 16.—A bad wreck occurred on the Buffalo division of the Western New York and Pennsylvania railroad at 1 o'clock this morning. As a north bound freight train was passing Eldred station the locomotive left the rails and plunged down an embankment, followed by eleven loaded cars. Fireman Jesse Baxter, of Buffalo, was caught beneath the engine and crushed to death. Engineer Brockway and Brakeman Hagmire, both of Buffalo, were seriously injured. It is feared the engineer's injuries will prove fatal.

A BRITISH ARMY

Marches Through Brazilian Territory to Venezuela.

NEW YORK, Oct. 16.—A special to the Herald from Buenos Ayres says: A telegram from Para, Brazil, has been received in Rio Janeiro stating that an armed British force is marching through Brazilian territory. The objective point of the body is that part of Venezuela claimed by the British government. The column has already crossed the Tacutu river.

SHOCKING SUICIDE.

A Laborer Nearly Cuts His Own Legs Off, Then Drowns Himself.

CLEVELAND, Ohio, Oct. 16.—The body of a laboring man was pulled out of the Cuyahoga river this morning. He had made a desperate and decidedly successful attempt at suicide. He had nearly severed both legs, had tried to strangle himself by tying a handkerchief tightly about his neck and then leaning into the water. His body cannot be identified.

FATAL WRECK.

A Water Train Collides With a Milk Train.

Two Lives Crushed Out and Several Persons Seriously Injured—List of Unfortunates.

ALTOONA, Pa., Oct. 16.—Two men were killed and one was fatally and several slightly injured in a wreck on the Martinsburg branch of the Pennsylvania railroad today. The dead are:

W. F. Good, of Henrietta, fireman of the Martinsburg train, killed instantly.

J. Q. Woodring, of Tyrone, front brakeman of water train, both legs cut and head crushed.

The wreck occurred between the Martinsburg mixed train, hauling milk and Altoona shop workmen, and a water train a mile west of this city. The water train, consisting of several tank cars, had been ordered to proceed to the "Y" switches near Holidaysburg to get water for the Altoona shops and was just pulling from a siding to the main track when the Martinsburg train came around the curve at full speed.

The collision completely demolished both locomotives and derailed several tank cars. The passenger car kept the track. The following were injured:

David Arthur, Altoona, engineer of the Martinsburg train, badly scalded and injured internally; cannot recover.

Henry Blackburn, engineer of the water train, seriously but not fatally hurt.

William Jones, of Burkett station, a passenger, was thrown through a door and painfully injured.

Benjamin Weyandt, of Roaring Springs, a passenger, badly cut about arms.

Conductor Davis, of the passenger train, escaped with slight injuries. A number of others were more or less cut by flying glass. A confusion of orders is responsible for the accident, which is the most serious that ever occurred on the Altoona division.

LOCAL LINES.

The postoffice will be closed tomorrow at 12 o'clock.

J. W. Tribolet and daughters, of Bluffton, are in the city.

THE SECOND DAY.

Continuation of the Centennial Festivities.

Meeting at the Princess Rink Last Night—Old Settlers' Meeting and Campfire.

The crowd of centennial visitors in the city today is larger than that of yesterday. The streets are filled and everybody expresses the greatest surprise and admiration of the magnificent manner in which the entire city is decorated. Restaurants and hotels are reaping a harvest, but there are enough to take care of the crowd, no matter how large it may be.

LAST NIGHT'S MEETING.

The opening meeting of the centennial was held in the big Princess rink last night. A large crowd was present and listened to a very entertaining and interesting program.

Mayor Oakley delivered an address of welcome. He told how the centennial celebration was gotten up and paid a fitting tribute to Hon. Perry A. Randall for his indomitable energy and determined efforts to make the celebration a success. At the close of his address he turned the keys to the city over to President Randall and declared the centennial fully inaugurated.

President Randall's response was delivered in a happy and eloquent strain. He stated the objects of the centennial and described some of the many attractions. Both Mayor Oakley and Mr. Randall were roundly applauded, and their addresses were of an interesting character.

The Centennial poem was read by its author, Hon. S. B. McManus, of Lima, Ind. Miss Anna Philley recited a pleasing selection, and the exercises were concluded with instrumental and vocal music. A telegram of congratulation from Mayor Koch, of Milwaukee, to Mayor Oakley, was read.

THE CENTENNIAL CHORUS.

The male chorus which sung at the opening public meeting last night and which will serve in that capacity at the meetings which are to be held, is without a doubt the best male chorus that has ever sung together in Fort Wayne. It was organized by the centennial vocal committee, of which E. F. Yarnelle is chairman, and is composed as follows:

Musical Director—Prof. Wm. Miles.

Pianists—C. F. W. Meyer and E. Hartwenk.

First Tenors—E. F. Yarnelle, L. F. Curdes, A. B. Hirons, G. L. Wefel, Darwin S. Best.

Second Tenors—Henry Beadell, C. L. Olds, F. E. Riblet, F. Sohens.

First Bass—Chas. Worden, E. Griffith, H. C. Woolsey, Carl Weber.

Second Bass—Fred H. Smith, A. J. Lang, Sam Taylor, A. M. Schmidt, W. S. Bash.

Their singing last night was one of the most enjoyable features of the meeting and the melody of their well trained voices made the big Princess ring with sweet, harmonious strains, and brought forth enthusiastic applause from the large audience present.

TODAY'S EXERCISES.

A salute of forty-five guns was fired this morning. At 10 o'clock the old settlers' meeting was held in the Princess rink and was attended by a large crowd. Judge John Morris was chairman and speeches were made by numerous old settlers.

At 1:30 this afternoon the old settlers' campfire was opened in the Princess rink. The list of speakers for this occasion included Hon. Isaac Jenkinson, Judge Joseph E. Woodhull, Judge Edward R. Wilson, Rev. John R. Quinlan, Hon. H. C. Hanna, Judge L. M. Ninde, Hon. William P. Breen, Hon. A. P. Edgerton and others. The Philharmonics of 1855 sang and there was also other music. The rest of the program for this afternoon and evening is as follows:

1:30 p. m.—Band contest at public square between bands of second and third class.

2:00 p. m.—Bicycle races, Washington boulevard.

2:30 p. m.—Base ball at Lakeside park between Chicago and Cincinnati league teams.

6:30 p. m.—Illuminated bicycle parade over the principal streets of the city.

8:00 p. m.—Meeting at Princess rink. President, John F. W. Meyer. Historical address by Col. R. S. Robertson. Vocal and instrumental music.

THURSDAY'S PROGRAM.

6:00 a. m.—Morning salute of 45 guns.

9:00 a. m.—Military prize drill at driving park.

10:00 a. m.—Band contest on public square; bands of first and second class. Prize drill of uniform societies and zouave companies.

1:30 p. m.—Grand military, civic and industrial parade.

3:00 p. m.—Base ball game at Lakeside park between Chicago and Cincinnati league teams.

7:30 p. m.—Old soldiers' campfire at Princess Rink.

Commencing at 9 o'clock p. m., a public reception at Randall hotel parlors to Governor Claude Matthews and Col. I. N. Walker.

POEM BY A TRAVELING MAN.

W. W. Stewart, a traveling man, who has been visiting Fort Wayne for a number of years, is the author of the poem published below, which is sent us with the following explanatory letter:

"Editor SENTINEL:

"DEAR SIR—The enclosed poem was sent me by an old friend who has com here for the past thirty years as a traveling salesman, has always had the welfare of Fort Wayne at heart and watched its growth and prosperity. If not asking too much, you would confer a favor upon me by publishing the same. Yours,

"HENRY C. GRAFFE."

The poem is as follows:

But a few years ago, and all was plain
In the centennial city of Fort Wayne.
An humble hotel was the house of Meyer,
Surprising Chief Vosel that it did not take
fire.
The Aveline was built, and the genial Fox
Made everyone happy and coined the rocks.
Bill Fleming, with a smile and his hands in
his pocket,
Was serene when real estate went up like a
rocket.
Trentman, the grocer, showed faith by works,
Pushing his great business steadily—not by
jerks.
Father Benoit's portly form and genial face
Could be seen on the streets; not a trace
Of rancor, or unkindness, or spleen,
In that good man was ever to be seen.
When the new Cathedral, his pride, was consecrated,
'Twas the culmination of hope for which he
waited.
His spirit is in the bells that call us to duty,
To study religious power and admire its
beauty.
Other good friends are gone, the spirit leaving the clay,
And we are left to celebrate the day.
Bands are playing, flags are flying, and again
the chimes peal out. "Well done, Fort
Wayne!"

—W. W. STEWART.

CENTENNIAL NOTES.

The illuminated bicycle parade this evening promises to be a magnificent affair.

The exhibition hall is constantly attracting large crowds who take great interest in the displays and exhibits.

The down town streets last evening were as beautifully decorated and lighted as any ever were in any city. And the crowd was immense.

Mr. M. Frank in talking to several prominent travelin men said they never saw a city so handsomely decorated as Fort Wayne was this week and they speak in warm terms of praise of the enterprise of our citizens.

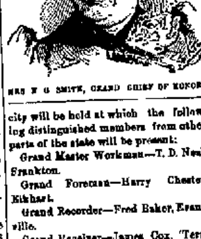
The base ball game yesterday between the Cincinnati and Chicago league clubs resulted in a victory for Chicago, the score being four to three. The same teams play this afternoon and tomorrow morning and perhaps tomorrow afternoon at Lakeside park.

The rooms of the press committee, upstairs over Aurentz's candy store, are handsomely fitted up and the press boys have already entertained a large number of visiting brethren. The use of the furniture in the rooms has been kindly donated for the occasion by the Pape Furniture company, the Indiana Furniture company and the Foster Furniture company. They were all liberal to the Press club and the boys appreciate very highly the kindness of these firms. The Press club is anxious that every visiting editor shall make use of the club rooms while in the city. During the day time the rooms are in charge of Miss Ada Heller.

UNION MEETING.

The A. O. U. W. Lodges Tonight—Visitors Attending.

This evening at the A. O. U. W. hall on Court street a union meeting of all the lodges of this organization in the city will be held at which the following distinguished members from other parts of the state will be present:



MRS F G SMITH, GRAND CHIEF OF HONOR.

Grand Master Workman—T. D. Neal, Frankton.

Grand Foreman—Harry Chester, Elkhart.

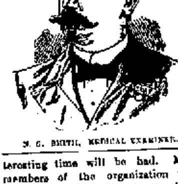
Grand Recorder—Fred Baker, Evansville.

Grand Receiver—James Cox, Terre Haute.

Grand Inside Watchman—R. Baxter, Auburn.

Grand Medical Examiner—N. G. Smith, Indianapolis.

Addresses will be delivered by the state officers in attendance and an interesting time will be had. Many members of the organization from neighboring cities will be in attendance and will participate in the centennial parade tomorrow. Auburn lodge will have seventy-five men in line and the lodges from Wabash, Goshen, Bluffton, Huntington, Peru, Waterloo, Elkhart, Defiance, Lima, Ohio, and this city will be largely represented.



N. G. SMITH, MEDICAL EXAMINER.

Mesdames Henry Alter, S. F. Gordon and Herman Hartzel, of Greenville, Ohio, are visiting Mrs. W. F. McCaughey of West Washington street.

SNEAK THIEVES.

J. H. Eldridge Says He Was Robbed of $100.

The Thief Entered His Room at the Wayne Hotel—Several Cases of Pocketpicking Reported.

J. H. Eldridge, of Rochester, N. Y., a traveling man, who occupied room No 104 at the Wayne hotel last night, claims somebody entered his room during the night and stole $100 from his vest pocket. The hotel people are at a loss to understand how the thief got into the room, the door of which has a double lock. A night watchman was also on duty patrolling the hallways all night to guard against anything of the kind. There is no clue to the robber.

POLICE COURT.

James Monroe and George Kennedy were in police court this morning. Monroe is the fellow arrested on a charge of robbing Pickard Bros.' hardware store cash drawer of $200 yesterday and Kennedy is said to be his accomplice. Their hearing was continued until Wednesday and both went to jail.

John Joseph, a man over seventy years of age, was up for being drunk. He said he was guilty, but had not been drunk before in four years. He begged hard for Acting Police Judge Huser to let him go and made a promise that he would not get drunk again in another four years. He was allowed to go.

Jeff Myers said "guilty" to a charge of drunk and went over for eleven days.

PICKPOCKETS AT WORK.

A lady on Calhoun street was attacked last night by two footpads who took her pocketbook. They succeeded in escaping before the woman recovered from her fright sufficiently to give an alarm. Officer Knock immediately started in pursuit of the highwaymen, and followed two men who answered the description to the Princess rink, but lost all trace of them there. The name of the lady who was robbed was not learned.

Several pockets were picked at the depots where the crowds were large. One woman lost $15 and another $6.

RETAINED COUNSEL.

Attorney J. M. Robinson, of this city, and Messrs. Marshall and McNagny, of Columbia City, have been retained as counsel by the men under arrest charged with the murder of Postmaster Singer.

LIFE'S WORK DONE.

J. W. Zimmerly Called to His Eternal Home.

Miss May Jackson Expires While Visiting Friends Near Decatur—Death of Mrs. Richards at Roanoke.

J. W. Zimmerly, an old and respected citizen of Fort Wayne, died at 4 o'clock yesterday afternoon, at his residence, 78 Dawson street. His death was caused by asthma, from which he had been a sufferer for many years. Mr. Zimmerly was born in Canton Argau, Switzerland, March 8, 1823, and was seventy-one years, six months and seven days old. He emigrated to America in 1848 and settled in Boston, Mass., where he was married to Miss Caroline Sutermeister, sister of Captain A. Sutermeister, formerly of Fort Wayne, but now of Kansas City. In the year 1861 Mr. Zimmerly came to this city and secured a position at his trade, that of painter, in the Wabash shops. He retained that position until 1864, when he resigned to accept a similar one in the Pittsburg shops and remained in the Pennsylvania's service up to two years ago, when feeble health compelled him to resign. Mr. Zimmerly was a devout Christian and a faithful attendant at Emanuel's Lutheran church. The funeral services will be held at the house at 2 o'clock Friday afternoon and from Emanuel's Lutheran church a half hour later, Rev. Wambsganss officiating. The deceased leaves a wife and six children. The latter are Mr. Charles Benz, Mrs. Charles Bockeloh, Mrs. Rev. C. Umbach, Mrs. Christian Bruns, W. A. Zimmerly, the letter carrier; and Fred J., of the firm of F. J. Zimmerly & Co., plumbers.

RICHARDS.

Monday evening, at Roanoke, occurred the death of Mrs. Newton Richards, wife of the well-known hardware merchant at that place. The deceased had many friends in Fort Wayne, having been a teacher in the schools of Wayne township previous to her marriage. The funeral will be held from the M. E. church at Roanoke, Thursday afternoon at 1 o'clock.

JACKSON.

The Decatur Democrat of Tuesday, says: "Miss May Jackson, of Fort Wayne, died this morning whilst on a visit to her sister, Mrs. Wesley Bowser, near Rivare, St. Mary's township. Funeral Thursday morning at 10:30 at Salem church."

WOEHNKER.

Agnes M., seven-day old daughter of Fred. Woehnker, of No 227 East Jefferson street, died this morning from exhaustion. The funeral was held from St. Mary's Catholic church this afternoon.

THE FUNERALS.

The funeral of Frank Neuhaus will occur tomorrow at 9 o'clock, from St. Mary's Catholic church.

The funeral of Henry Ehrman will be held tomorrow morning at 10 o'clock, from St. John's Lutheran church.

Dr. and Mrs. S. B. Collett, of Van Wert, O., are in the city the guests of Mrs. Collett's sons, A. G. and E. T. Estry. They will remain during the centennial celebration.

ENDED IN DEATH.

Otto Meyer Dies From His Accidental Shooting.

Alice Crouse Badly Hurt by Falling From a Bridge—John Nolan's Hand Crushed by a Car.

Otto Meyer, the young man who accidentally shot himself while hunting, last Sunday, died at his home on East Lewis street, at 4:40 o'clock this morning. He was brought from the scene of the accident in the country to his home on Monday evening. The funeral will occur Friday morning, at 9 o'clock.

A FEARFUL FALL.

A girl named Alice Crouse, residing on Hanna street, was injured perhaps fatally yesterday afternoon by falling from the Columbia street bridge. She was sitting on one of the abutments with some companions, when she was startled by the noise of an approaching street car and she lost her balance and fell a distance of about sixty feet. Several ribs and her right arm were broken and she received other injuries that may result in her death.

CAR STRUCK A BUGGY.

A Main street car struck a buggy at the corner of West Main and Van Buren streets, yesterday afternoon. The carriage was driven by a young boy, who recklessly drove in front of the rapidly approaching car, thinking that he could cross ahead of it. The motorman was powerless to stop the car, and the car crashed into the vehicle, overturning it and throwing the boy out. He was not injured, however, and the buggy was not much damaged.

DECORATIONS BURNED.

This morning the decorations in Eady Cammerow's saloon on South Calhoun street, caught fire, but the flames were extinguished before much damage was done.

RUNAWAY.

On Fairfield avenue yesterday a farmer's team ran away and injured the driver about the head. His name was not learned.

HAND CRUSHED.

John Nolan, living on Charles street, tried to board a street car while it was in motion at the south depot last night, and was thrown under. The wheels passed over his right hand and mashed it to a jelly. Nolan also received severe cuts and bruises on the head and body.

FIRST PIPE ORGAN

Ever Built in This City Exhibited at Library Hall.

There is displayed at Library hall the first and only pipe organ ever built in the city of Fort Wayne. The constructor of the instrument is Mr. K. A. Eogman, the church organ builder, of 133 East Jefferson street. The organ is pronounced by experts to be an unusually sweet toned instrument and very fine in design and finish.

LEFT GRAY GABLES.

Mrs. Cleveland and the Babies Start for Washington.

BUZZARD'S BAY, Mass., Oct. 16.—Mrs. Cleveland and children left Gray Gables on a special train at 6:50 this morning for Washington. They expect to arrive there at 10:40 tonight. The train will run direct to Providence, where it will connect with the Boston express.

Cabinet Meeting.

WASHINGTON, Oct. 16.—All of the members of the cabinet, except Secretary Morton and Postmaster General Wilson, gathered at the white house at noon today in answer to a summons from the president, and the first informal cabinet meeting for several weeks was held, probably for the purpose of enabling the cabinet officers to report to the president the state of business in their departments.

The first meeting of the Wednesday club will be held with Mrs. Ida Richardson, on East Berry street, on Wednesday of next week.

We have before us a copy of the "Old Fort March," by Fort Wayne's talented composer, Mr. Hugh McLatchie. This is no frivolous two-step, but a splendid composition of a military character, and will compare favorably with any march written in years. It is also an excellent piece for study. The first movement consists of repeated and double notes. The second movement of scale passages in the bass accompanied chromatically in octaves on the right hand in contrary motion. The trio consists of full cords, beautifully harmonized, of a sacred character. We heartily recommend this talented composition to all lovers of music.

Madame Joys, of East Main street, is now located at 222 Lafayette St. 1513

FORT WAYNE has never been more handsomely decorated than it is this week. All the visitors to the city speak in praise of our centennial attire.

THE Chicago Times-Herald and Chronicle are giving excellent accounts of our centennial celebration, and printing pictures of some of our representative citizens.

MRS. GEO. D. CRANE, the chairman of the art and loan centennial exhibit, deserves much credit for the way in which she is managing the displays at the art department in the Trentman block.

THE lynching of a negro rapist in Tennessee, as detailed in our telegraph columns to-day, was a most brutal affair. Until an example is made of the men who thus take the law in their own hands, these lynchings will go on.

THE speeches of Mayor Oakley and Mr. P. A. Randall at the centennial opening meeting last night were fine ones. Both of these gentlemen deserve great credit for the interest they have manifested in making our celebration a success.

THE closing of the public schools of the city yesterday for the balance of this week so that the scholars could participate in the centennial exercises was the right thing to do. No persons will enjoy the festivities of the week more than they will.

THE voters in the state, as shown by the new enumeration, are distributed among the new congressional districts as follows: First district, 45,522; Second, 43,930; Third, 42,783; Fourth, 46,981; Fifth, 50,632; Sixth, 45,653; Seventh, 31,394; Eighth, 50,119; Ninth, 48,787; Tenth, 50,956; Eleventh, 62,342; Twelfth, 45,111; Thirteenth, 48,846.

THE centennial edition of the Fort Wayne Journal, which was issued yesterday, is a handsome number and reflects credit upon the proprietors. It contains twenty-eight pages giving historical and reminiscent matter concerning the city of an interesting character, with pictures of some of our principal buildings and most prominent men. The front page consists of a handsome title head, together with a full page cut containing three portraits of General Anthony Wayne and one of Little Turtle, together with a picture of the house in which Anthony Wayne was buried. It is a handsome centennial souvenir, and the Journal has placed it on sale for ten cents a number.

THE SENTINEL hopes the country electric railroad of Mr. C. E. Everett, connecting Fort Wayne and Columbia City, will be built. It hopes in the near future to see Fort Wayne connected in this manner with all the towns in this part of the state, for it would establish convenient and rapid communication for the people between city and country, and be the means of benefiting Fort Wayne greatly in a business way. Country electric railroads are a grand thing and we will be glad to see them built.

THE Cleveland chamber of commerce last night adopted a resolution calling upon commercial bodies in other cities to move for a shorter presidential campaign next year. The preamble recites that much of the depression following the election of 1892 was due to the long campaign, and it is recommended that the conventions of the two great parties be held three months instead of six months before the election. A memorial to that effect will be sent to both the democratic and republican national committees.

THE sentiment favorable to the recognition of the Cubans as belligerents is growing rapidly. Petitions asking for this movement are in circulation and receiving thousands of signatures. Cuba is going through an experience similar to that of our revolutionary fathers. She is oppressed and taxed almost to death by tyrannical Spain, without any compensating advantages, as our patriot fathers were by Great Britain. The new congress will be asked to accord belligerent rights to Cuba, and in all justice they ought to be granted.

HERE is some good advice for our young boys: Hold on to virtue, it is above price to you at all times and places. Hold on to your good character, for it is and ever will be your best wealth. Hold on to your hand when you are about to strike, steal or do a wrong act. Hold on to the truth, for it will serve you well and do you good throughout eternity. Hold on to your tongue when you are about to swear, lie or speak harshly or use an improper word. Hold on to your temper when you are angry, excited or imposed upon or others are angry with you. Hold on to your heart when evil persons seek your company and invite you to join them. Hold on to your good name at all times, for it is of much more value than gold, high place or fashionable crime.

IN his address at the opening centennial meeting at the Princess rink last night, Mr. Perry A. Randall, the president of the centennial board of directors, said the military companies of the city deserved the credit of having brought about the celebration this year. The one hundredth anniversary of the building of the old fort occurred in October of last year. Previous to that time there was considerable talk of celebrating it then, but on account of the business depression existing then the matter was given up. This year the military companies took the celebration up and carried it to successful completion. The centennial, we are glad to say, is a success, and our citizens owe the military companies of the city a vote of thanks for having made it so. All honor, we say, to the young soldier boys of Fort Wayne.

THE Louisville Courier-Journal recently devoted almost a page to giving an account of "Indiana in the War." It shows that Indiana was first in devotion to the union and no state shows a brighter record. "When the end of the war came, although Indiana was a border state and her strength might have been needed to keep the enemy off her soil, still when the books were balanced it was shown that Indiana had put into the army 75.2 per cent. of her men of militia age, according to the census of 1860, a higher percentage than any of the larger states, the average of the north being 61.2. The deaths were 17.7 per cent. of the enlistment. The average death rate of all the states is 16.7 per cent., showing Indiana's death rate to be higher than the average. At the battle of Manassas the Nineteenth Indiana regiment lost 61.2 per cent. of her men. No state has erected such a monument in honor of her soldiers as can be seen at Circle park at Indianapolis, and in addition to this Indiana has for years kept a soldiers' and sailors' orphans' home, and in addition to this a soldiers' home is now being erected near the famous Tippecanoe battle ground in the vicinity of Lafayette."

The time of equal days and nights is already passed, and the dark hours encroach apace on the light. Households gather once more around the lamp. There are hundreds of families in newly settled regions that have nothing to read. There are hundreds of families in the older settled regions that throw away every year magazines, newspapers and books, enough to make a whole winter's entertainment for a household that is far from town and has no money to spend for reading matter besides. Send the surplus to those who want and need it. Make up great packages for them. The express companies usually take such parcels of reading matter at very cheap rates.

A remarkable company will assemble Nov. 6 at a quiet home in Roxbury, Mass. The occasion will be the seventy-fourth anniversary of the marriage of the estimable heads of that home, Mr. and Mrs. William G. Moseley. Seventy-four years is a long time for a married couple to live together without getting a divorce, but Mr. and Mrs. Moseley have been able to manage it beautifully. They have a daughter who has been married 56 years and a great-great-granddaughter who has seen five years of wedded life. Mr. Moseley is 97 years old and his wife not quite 95.

Frances Willard, who rode a bicycle all summer on the other side of the water, means to stick to it on this side.

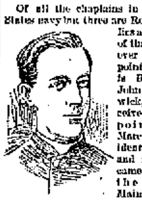
PRIESTS IN THE NAVY.

But Three Have Been Appointed Chaplains, and Father Chidwick Is the Last.



FATHER CHIDWICK.

Of all the chaplains in the United States navy but three are Roman Catholics and but three of that faith have ever been appointed. The last is Rev. Father John P. Chidwick, who received his appointment in March from President Cleveland and recently became chaplain of the battleship Maine, which was not long ago placed in commission. Father Chidwick is 32 years of age and received his education at St. Gabriel's school, New York city, Manhattan college and the Troy Theological seminary. After completing his education Father Chidwick officiated as fourth assistant pastor of St. Stephen's church, New York, up to the time that he was appointed chaplain in the navy. He is very popular among the jack tars on board the big battleship Maine, the first battleship placed in commission by the government, and his services are attended by the greater part of the crew.

The first Roman Catholic chaplain ever appointed in the navy was Father Charles Parks, who is now chaplain of the receiving ship Vermont at the Brooklyn navy yard. The Vermont is one of the old wooden ships, and has been stripped of masts and roofed over. She is tied up at Cob dock, and men who enter the navy are trained on board until they are proficient enough to assume the regular duties of jack tars on some ship in commission. Father Parks was appointed by President Cleveland in 1866, and was first assigned to the Vermont. Later he went on a cruise with the Philadelphia, after which he returned to the Vermont. He holds services at the hospital and on shipboard every Sunday morning.

Rev. Father Raney, the second Roman Catholic chaplain, has seen more service than his fellow churchmen. He was appointed in 1891 by President Harrison and has been at sea most of the time since. While the Charleston was in Chinese waters he saw a great deal of the war between China and Japan.

A Timely Understanding.

"Young man," said the merchant, "do you want employment in my establishment?"

"Certainly," was the applicant's reply.

"That's all right, then," was the rejoinder, with a sigh of relief, "I was afraid you just wanted a position."—Washington Star.

THIS IS THE WEEK WE CELEBRATE

This beautiful city—free and great—
Will chase the pig and climb the pole
And speeches make to stir the soul;
Will ride the bike—firecrackers shoot,
And at the ball game loudly "hoot."
This week we'll whoop, hurrah and yell—
(Next week we'll not feel quite so well.)

This is "The Standard's" Triumph Great

It speaks to all the Hoosier state;
It's Rotary Shuttle? Ah! we all know.
The old vibrators are too slow.
They start; stop and a curve must make,
While the 'Rotary' simply a stare will take.
Does it pay to buy a slow machine?
You'll say "aber nit," if your eye is keen.
Buy the machine that stands the test,
It's name is "The Standard," it is the best.

A MASTER STROKE.

The Southern Pacific Railway Negotiates a Deal

Which Will Bring the United States Between Them and Their Employes in Case of a Strike.

SAN FRANCISCO, Oct. 15.—The announcement by Postmaster Frank McCoppin that he is endeavoring to bring about the carrying of the mails between sub-stations and the central postoffice on the street railway lines of this city, is looked upon very suspiciously by the railway employes, especially by the members of the American Railway union. While not imputing to Mr. McCoppin anything but the best motives to facilitate the transmission and dispatch of mails generally, the railway employes claim to see behind the proposition the hand of the Southern Pacific railway. They claim that it is nothing more or less than a scheme of the railway company to bring its immense street car system within the protection of that celebrated omnibus decision of Attorney General Olney during the strike against the Pullman Car company. In this city there are about 5,000 men employed on the street railway lines, 80 per cent. of which force is controlled by the Southern Pacific railway under the name of the Market Street Consolidated railway system.

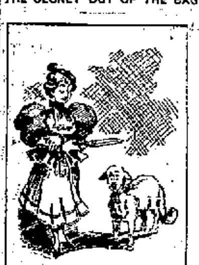
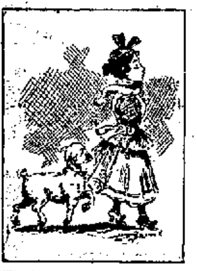
THE SECRET OUT OF THE BAG.



Mary had a little lamb,
It's tail hung down behind,
And when sweet Mary cut it off,
It didn't seem to mind.



"Why does the lamb love Mary so?"
The eager neighbors cried.
"Because it's tail is now her boa,"
The gossips all replied.

STRUCK A COW

And Thought It Was a Human Being.

New Office Created on the Southern Pacific—Eastbound Shipments Show an Improvement.

As the engine which hauls a Pittsburg gravel train was backing up between Lima and Elida last night it struck some object and threw it over against a freight train which happened to be passing that point on the other track at that moment. Engineer Cowan just got a glimpse of the object and thought it was a man. He stopped his train, climbed off the cab and went ahead to investigate. On the lower corner of the tank was hair and blood and Mr. Cowan exclaimed:

"We have killed a man; here is his brains!"

Just at that instant Fireman Wilbert held up a hairy, bloody mass, which he found wedged in between the brake shoe and wheel, and in accents of horror exclaimed:

"It's a woman; here's her hair!"

The train was in charge of Conductor Andy Dawson, and that gentleman sent the flagman back to investigate. He soon returned, reporting that the mangled carcass of a cow was lying between the tracks, but out of reach of passing trains. The hair which Fireman Wilbert had pronounced that of a woman proved to be the tail of the cow.

CHANGES IN SOUTHERN PACIFIC SYSTEM.

The office of general superintendent of the Southern Pacific company was established today and J. A. Fillmore was given the title of manager of the Pacific system of the Southern Pacific, which includes the roads between Ashland, Ore., on the north, Ogden on the east and El Paso on the south. A circular letter to that effect was issued late yesterday afternoon by General Manager Kruttschnitt, whose name, together with that of C. P. Huntington, is attached to it. The same circular letter also announces that W. C. Curtis is appointed engineer of maintenance of way of the Pacific system and lines in Oregon. Mr. Curtis, in addition to the duties of his office, will attend to such duties for the general manager as may from time to time be assigned to him. This makes Mr. Curtis' duties practically the same as they were under the late A. N. Towne.

DEATH OF A RAILROAD BUILDER

T. I. Wilson, who conceived the idea of building a railroad from St. Louis to Dennison, Texas, in 1865, which resulted in the construction of the Missouri, Kansas and Texas road, died at Fort Scott yesterday. He was the first president of the Tebo and Neosho railway, which was merged into the Missouri, Kansas and Texas, and he built forty miles of the road from Sedalia southwest. He was then known as "Tebo" Wilson. The cause of death was cancer of the face, which necessitated retirement from the railroad business a number of years ago. Of recent years Mr. Wilson has been a prosperous farmer near Fort Scott.

LARGE SHIPMENTS.

Hard times seems to have passed away entirely so far as the eastern roads are concerned. East-bound shipments from Chicago have now returned to normal conditions as they existed prior to 1893. They took another big bound upward last week, aggregating 88,398 tons, as compared with 59,908 tons for the previous week, and 47,398 tons for the corresponding week last year. Last week's increase was almost entirely made up of grain shipments and suspicion has been aroused by its largeness that cut rates are again being resorted to.

DISPATCHER HARTY RESIGNS.

Train Master E. E. Harty, of the Ft. W., C. & L. division of the Lake Erie and Western at Muncie, has resigned, and his place has been filled by J. B. Thomas. Mr. Harty has been in the Muncie dispatcher's office for this company for eight years without one week's rest. He went from Peru to Muncie.

THE VANDERBILTS WILL GET THE UNION PACIFIC.

United States Senator Thurston, counsel for the Union Pacific, was asked what he thought of the report that the Vanderbilts were endeavoring to secure control of the Union Pacific. "It is quite apparent to the most casual observer," said Mr. Thurston, "that the Vanderbilts must be having a say in the Union Pacific, when such men as Chauncey M. Depew and Marvin Hughitt are two of the committee of five who are to reorganize the road's present indebtedness. I cannot swear that the Vanderbilts are going to take the Union Pacific, but I would not be surprised if the Vanderbilts should sooner or later be found to have an influential voice in the property's direct management. It is generally understood that the Vanderbilts have a strong influence in the Chicago and Northwestern. The Ames, of Boston, and the Goulds, Dillons and Vanderbilts, of New York, probably own the bulk of the Union Pacific stock and many of its bonds. I do not know what understanding these people have among themselves, but it may or may not be significant that Marvin Hughitt, president of the Northwestern, is a Union Pacific director, and the two roads are now being operated under a close traffic agreement."

During a conversation about the probability of the Vanderbilts taking control of the Union Pacific, C. P. Huntington said: "I would not be surprised to hear of the Vanderbilts taking active management of the Union Pacific. They have plenty of money to enable them to do so and are able men. While I do not know it to be a positive fact, I understand they hold considerable of the road's securities. They are also supposed to be in control of the Chicago and Northwestern. These facts may or may not mean something. It is none of my business, however, and I have got enough of my own to attend to without trying to pry into other people's affairs. The Vanderbilts have not sought to lease or get control of the Central Pacific. They have nothing to do with it, and as far as I know, do not wish the property. I am not anxious to part with the Central Pacific. We have always been on good terms with the Vanderbilts. If they get the actual control of the Union Pacific I see no reason why we should not be on good terms with them. If they want to build into San Francisco that will be their business not mine. The Union Pacific people have not asked us to come to their assistance. If they had, we might have endeavored to join them in some scheme. That is all I can say on the subject."

BRIEF MENTION.

Nickel Plate Brakeman George Downer is sick and off duty.

Sherman Culshall, clerk in the Pittsburg blacksmith shops, is off duty, suffering with quinsy.

Pittsburg Fireman Henry Sayner is suffering with rheumatism and is unable to go out on his regular run.

Nickel Plate Fireman Weisell is now living at 231 West Jefferson street, having moved from West Main street.

Brakemen E. Obenchain and E. C. Potts are on duty again after a few days' lay-off. Both are Nickel Plate employes.

The Chicago, Milwaukee and St. Paul is running its shops twelve hours a day and building in addition to repair work 200 standard box cars.

Delegates from the principal traffic associations will convene in New York city, October 23, to take up the old question of a uniform classification.

During the absence of Operator Frank Bealls, W. S. Shamp will work at nights in the Nickel Plate yard office, vice John Hughes, who is working in Mr. Bealls' place.

Machinist Fred Olds, of the Pittsburg shops, is in Indianapolis in the interest of the Red Men. He is expected home tonight in time to attend a meeting of the order.

A life size picture of Anthony Wayne adorns the wall of the oil house at the Pittsburg shops. It was drawn with a pencil by Mr. Heine, the man who has charge of the oil house.

D. J. Sergeant, who is to be replaced as general manager of the Grand Trunk railway by Charles M. Hays, of the Wabash system, will become the Canadian advisor to the railway board in London, retaining his present salary.

Freight traffic on the Baltimore and Ohio Southwestern is so heavy that every locomotive the company owns fit for work is in service. Even those which have been hauling construction trains are now hauling freight.

Combination passenger and baggage car 510, which had been equipped as a hunting car for General Manager Joseph Woods, has been returned here and will be stripped of culinary and sleeping arrangements and put back into common service.

Hundreds of people went down to the Pittsburg depot last night to see the decorations, and expressions of admiration were heard on all sides. The electric Keystone, which is fastened upon the flag staff 100 feet above the ground, is a magnificent piece.

James McCrea, of the Pennsylvania; J. T. Harahan, of the Illinois Central, and M. Whitman, of the Chicago and Northwestern, have been selected for the committee to consider the advisability of establishing a large railroad clearing house at Lyons, Ill., and to suggest plans for its operation.

W. A. Maddux, the foreman of the Nickel Plate wreck crew, is filling the position of chief car inspector during the absence of Charles Stapleford. The Nickel Plate has no use for wreck crews nowadays and the men who usually attend to that business are busy repairing cars and doing other work.

Dan Stoll, the Pennsylvania company's detective, reports a scarcity of tramps since the railroads adopted such stringent measures for the suppression of the nuisance. Last week only sixty five hobos were found stealing rides on Pittsburg trains. They were fined bodily and given to understand that a second offense would be followed by a term in the county bastile.

The force in the Pittsburg roundhouse will be given an opportunity to attend centennial exercises at least one day. Tomorrow Machinist Thomas Beals, Charles Ballinger, John Weldon and William Page will take a day off and Friday the other half of the force will be given the same privilege.

The Wabash will run a special train from Peru to Fort Wayne tomorrow morning, and it is expected that it will bring in 1200 people. The company has arranged to run a special out of this city each night of the centennial, leaving here at 10:30 and going as far as Lafayette, stopping at every station.

Thirty years ago last Thursday the last spike was driven which completed the Missouri Pacific to Kansas City. The road was commenced in 1852 and completed in 1865. D. R. Garrison invited a party of friends to make the first trip from St. Louis to Kansas City on that occasion. Mr. Garrison is still living in St. Louis.

Russell Houston, chief attorney of the Louisville and Nashville, whose death was recently announced, had been connected with that road as director and vice president since 1862. Owing to his advanced age the last five years his position has been an advisory one, he being too old for hard service. At his death he was eighty-six years old.

The state law of Texas compels railroads to hold their trains at stations five minutes and is proving a great annoyance to the roads, as passengers remain in the cars and talk until about the time for the train to move, and then jump from the trains, making it really more dangerous than if the methods on the Northern roads were in vogue.

Every railroad man that can get leave of absence is observing centennial week in a patriotic and commendable manner. The absentee list of the Nickel Plate trainmen shows that the following persons are off by permission, which means that they are celebrating the centennial: Conductors D. E. Shea, C. A. Stenson, W. B. Kitselman and William Smart, Engineer Ard Swartz, Fireman Dunkle, Brakemen John Kay, W. Williams, W. L. Hunt, F. B. Stacey and G. I. Olmstead.

The Pennsylvania company is watching with a good deal of interest the growing demand for the oolitic stone of Bedford, Ind., in eastern cities. During the past three years the shipments of this stone have been increasing at a rapid rate, and at present the Panhandle lines are handling from 100 to 160 carloads each week. Huge blocks of stone from Bedford, Ind., quarries pass through Pittsburg, almost every day, bound for Philadelphia, New York and other seaboard cities. It is a splendid stone for building purposes and very easy to work into any desirable shape. The name is derived from the Greek word signifying an egg, and another word which signifies a rock. It is made of minute fossils resembling the roe of fishes, hence its name oolitic.

Mothers, Be sure and use "Mrs Winslow's Soothing Syrup" for your children while cutting teeth. It is the best remedy of all. May8eod&w

ROOTS -- ROOTS.

THE PARAGON MANUFACTURING CO.

Had a little skirmish of its own a few nights since, and the usual consequence of playing with fire—got slightly touched

BY WATER and SMOKE.

The water don't amount to much, and the smell of the smoke will soon be off.

The Board of Underwriters

Sold us at a big loss the slightly damaged stock of Flannelette Gowns, Ladies' Cotton and Flannel Waists, Skirts, and Children's Dresses and a few more items of general every day wear. The stock is a big one..

WE ARE GOING TO HAVE A SALE

And in order not to interfere with the general trade (as the crowd will be large) will place them on sale, commencing Thursday morning, in this way:

From 10 to 11 O'clock in the Morning.
From 3 to 4 O'clock Afternoons.

Sale to continue in this manner every day until the lot is sold.

Gowns, Skirts, Waists and Dresses,
Worth $1.25, $1.50 and up to $2.00 each, at 48c

MORE GOOD NEWS

For All Women Who Are Sick.

[SPECIAL TO OUR LADY READERS.]

"I am happy to say your Vegetable Compound has cured me of painful menstruations and backache.

"My suffering every month was dreadful. The doctor gave me morphine to ease the pain, but nothing to cure me; and I was obliged to spend two or three days in bed. Now I have no pain at all.

"I can work harder, and be on my feet longer, than I have for years. I cannot praise your medicine enough. I am glad to tell every one that I was cured by *Lydia E. Pinkham's Vegetable Compound.*"—MRS. NEWTON CORN, Manchester, Ohio. All druggists sell it.

STARVING.

In the Midst of Plenty.

That's what people with poor digestion are doing every day. They have no appetite, or if they do have an appetite and eat what they require it does them no good because the stomach does not digest it and the fermenting mass of food becomes a source of disease, of headaches, sleeplessness, languor and the thousand and one symptoms resulting from disordered digestion. Stuart's Dyspepsia Tablets promptly relieve and cure all forms of indigestion. They have done it in thousands of cases and will do it in yours. The reason is simple. *Because they digest the food whether the stomach works or not.* That's the whole secret and the only secret about Stuart's Dyspepsia Tablets for we tell you plainly just what they contain because we believe that every man and woman ought to know what they are putting into their stomachs.

Stuart's Dyspepsia Tablets contain the freshest, purest pepsin, free from animal impurities, combined with bismuth and the most valuable vegetable essences and fruit salts, making it not only the surest cure for stomach troubles but a perfectly safe, reliable preparation. Sold everywhere by druggists at 50 Cents per package or sent direct by mail by Stuart Co. Marshall, Mich.
